

## 1. Purpose of Agreement

This agreement documents the sharing and use conditions related to data distributed by the Canadian Urban Environmental Health Research Consortium (CANUE), the intended use of the dataset(s), the Principal Data User who takes delivery of the data and accepts responsibility for ensuring these conditions are fulfilled, and the project team members who will have access to the datasets. The signature of the Principal Data User is required to fully execute this agreement. Copies of this agreement must be provided to CANUE by email ([info@canue.ca](mailto:info@canue.ca)). CANUE will forward copies to all original data developers as per the exposure data source contact listed in the associated metadata files.

## 2. Disclaimer

Data are provided "as-is". While substantial efforts are made to ensure the accuracy of data and associated documentation, complete accuracy cannot be guaranteed. CANUE makes no guarantee, either express or implied, including but not limited to, the fitness for any purpose. The Data User holds all parties involved in the production or distribution of the data harmless for damages resulting from its use or interpretation.

## 3. Intended Use(s)
